

ATI Canada - Your Leader in Heavy Duty Mechanics

MANAGER'S UPDATE

August marked a milestone for ATI Canada - Your Leader in Heavy Duty Mechanics and validated ATI's upward trajectory with one of the best months on record! Project opportunities with new clients in Fort McMurray continue to move closer to being awarded and our presences in new regions such as the Yukon continue to strengthen.

With a vision to the future ATI Canada has again doubled down for success and has placed an order for nine new fleet vehicles with staged delivery over the next 4 months. With new trucks, new projects, and a lot of new faces; the future is looking very bright!

WELCOME TO THE TEAM!

6 Tips for Working Safe in Cold Weather

1. Stay well nourished and hydrated
2. Stay well rested
3. Plan breaks from the cold
4. Stay dry
5. Dress for the conditions
6. Keep a cold weather safety kit in your vehicle.

We all find ourselves in situations that at times seem hopeless. And, we all have the choice to do nothing or take action. Your actions could save lives, so don't be a bystander when it comes to safety.
