

**FEBRUARY 2025
EMPLOYEE OF THE MONTH**

NORTHERN REGION

Jason has exceeded our expectations of maintaining our service trucks. During shift and at end of set when he hands the truck over, tools and cabinets are organized and the interior is immaculate, which is much appreciated by the oncoming techs.

This is exactly the type of example we like to see! It is great seeing someone being a team player, showing initiative, and taking pride in their work as it is never one person and one truck. Unkept service trucks negatively impact our efficiency and effectiveness while out in the field. Keep up the great work, Jason!
