

MAY 2026

EMPLOYEE OF THE MONTH

NORTHERN REGION

Janet has been a huge support in keeping our site onboarding process moving—jumping in after hours, on weekends, and navigating all the tech issues and client red tape that come with it. Thanks to her, we're able to keep our quick-turnaround promises to clients.

Her interactions with staff and clients are consistently positive, and it shows in the feedback she gets. She also manages our safety and incident processes with the same calm, capable approach. Janet is shining brighter than ever and we are grateful for everything she brings to the team.
